Dear Patient,

We encourage you to fill your prescription at our optical boutique. You will receive comprehensive service in filling your prescription which includes:

- Guidance in selecting your frames for a proper fit
- Measurement of optical center
- Measurement of pupillary distance
- Recommendations of lens materials for your prescription
- Recommendations of lens design and coatings for your lifestyle
- Verification of the prescription when it is returned from the fulfillment lab.
- Final fitting of the glasses to your facial features
- Advice on how to optimize vision through your lenses
- Complimentary eyewear adjustments throughout the year
- Assistance in honoring manufacturers' warranties

We understand you have choices when filling your prescription. If you purchase your eyewear elsewhere, and request for any of the services above, please refer to the posted fees at our office. If you request an eye doctor to review your prescription and vision, the minimum fee will be an office visit plus refraction. Additional fees may apply.

Sincerely,

Mountain View Optometry & Contact Lens Clinic
